INDUSTRIAL SOLUTION SPECIALIST

Full-service industrial contractor offering specialized solutions to support essential industrial infrastructure across the plant lifecycle.

Certifications & Standards

- NBIC R-Stamp (ASME Sec. VIII)
- ASTM G93 / CGA G-4.1 O₂ Cleaning
- AWS Certified Welders
- API Storage Tanks
- ASNT NDT
- ABC Award of Excellence
- EMR Safety Rating 0.74
- Goal Zero HSE Program

Why MIG

- Aging or under performing equipment impacting uptime
- Manual processes driving unnecessary labor and operating costs
- Limited plant space requiring compact, engineered solutions
- Compliance, safety, or certification concerns with existing infrastructure
- Need for a single, knowledgeable partner from design through service
- Reduce labor, maintenance, and operational costs
- Decrease downtime with reliable equipment and fast response
- Backed by TransTech Group resources and scale
- Proven track record with industrial gas, energy, medical, and specialty gas customers
- Responsive, personal service—real people who understand your operation
